Seek License Revocation of TV Repairman

Revocation of two television repair licenses issued to Time TV Engineer, located at 350 E. Carson St. and Los Angeles, was being sought by the County Sheriff today in a demand filed with the County Board of Supervisors.

Signed by Sheriff Peter Pitchess, the demand cited numerous complaints against the repair company owned and operated by Richard Otto Sodke of Lynwood.

According to the report, Sodke was arrested by the Los Angeles Police Department last July and was subsequently convicted for fictitious replacement of TV repair parts.

Reportedly, the Los Angeles office of the Better Business Bureau has received twenty-one complaints against Sodke's business practices involving faulty work, overcharges, and refusal to return TV sets to customers and alleged threats of charge increases against complainants.

Torrance Now Has 80 Per Cent of Community Chest Campaign Funds

A tremendous effort is being made to keep the Harbor Area in the lead for the Los Angeles report meeting of the Community Chest Campaign scheduled for Dec. 12 at the Statler Hotel, according to Glenn Koger, Harbor Area chairman. Koger said that while Harbor is leading other associated cities groups with over 80% of its \$107,100 goal collected it is still \$21,000 short of finishing the job.

Torrance, the city with the highest goal in the Harbor Area has reported exactly 80% which is the same as the average for the entire area.

"The women in the residential division of the campaign have demonstrated the money can be collected in a fast campaign" said Jim Becker, Chest city chairman, in announcing that this week the Torrance residential campaign had pulled into second place with 97.67% which

essential that every volunteer Chest worker should finish his assignments this week. There is no reason why the Harbor Area should not be way out in front at the Statler luncheon next week if the men volunteers in Torrance will just finish their job this week" Becker added.
